See also [http://www.skybrary.aero/index.php/The\\_Honourable\\_Company\\_of\\_Air\\_Pilots](http://www.skybrary.aero/index.php/The_Honourable_Company_of_Air_Pilots) listing over fifty SKYbrary articles under Air Pilots' 'Content Control'. These have already been edited and improved and then endorsed by the Air Pilots. Even so, we recognised at the time of endorsement that many were still only 'adequate' rather than being exemplar. We have an agreement to review and update these from time to time. TC members are welcome to review any of the articles under Air Pilots' Content Control and to send amendment suggestions to DAA at any time.
