

Malachi Wedderburn – Chris Radford Gliding Scholarship 2025

Phenomenal. Absolutely phenomenal. This gliding scholarship was undoubtedly one of the best experiences I have ever had the pleasure of being a part of. From before I could remember I have been mesmerised by the beauty of aviation. I would constantly find myself gazing upon different aircraft's as they gracefully flew past me and I still do! My passion for aviation is what motivated me to join the royal air cadets which is where I was informed about this magnificent gliding scholarship.

I decided to apply excited about how this opportunity could aid me in my journey to become a pilot. Fortunately, due to hard work and passion, I was successful in my application and made it through to the interview stage. Nervous but prepared I stumbled into the interview room determined to impress the interviewer, and a couple of weeks later I received the fantastic news that I had won the scholarship!

London gliding club was the best gliding club I could've asked for! The people and atmosphere were both so amazing! The instructors were all so friendly and helpful, they answered every question I had and taught us many valuable skills. If I could do it all again I would in a heartbeat.

This was an unforgettable experience that will continue to live in my memories. I highly recommend this scholarship as it was a very enjoyable experience that allowed me to

make many friends who share the same interests and goals as me.
